

# WSMFT 2024

# 09-16

January 2024 - 09.00/05.30 PM

ENSIAS, Mohammed V University  
Rabat, Morocco

# WINTER SCHOOL ON MEAN-FIELD-TYPE GAME THEORY

WSMFT 2024 is a fully in-person  
winter school in wonderful Rabat city!

With  
**Pr. TEMBINE  
HAMIDOU**

## About the Workshop

On its 4<sup>th</sup> edition, the Winter School on Mean-Field-Type Game Theory (MFTG Winter School) offers researchers, engineers and graduate students a unique opportunity to improve their skills with cutting-edge techniques and hands-on experience in developing and tuning applications for on the future of multi-agent generative machine intelligence, with a special focus on AI.

## REGISTRATION GUIDELINES

**Registration & pay MFTG Winter School  
2024 fee Deadline is:** December 29, 2023  
**Winter school:** January 09-16, 2024  
**Location:** ENSIAS, Rabat

## What Will You Learn?

- Mean-Field-Type Game Theory
- Interactive Decision-Making
- Distributed strategic learning, Cooperation, Negotiation, Co-Opetition
- Innovative landscape of Multi-Agent Generative Machine Intelligence
